Healthcare Overview

In today’s rapidly changing healthcare environment, Kleinfelder recognizes the engineering needs for hospitals, medical centers, administrative offices, and other healthcare facilities. With ever-increasing healthcare costs, our solutions are designed to maximize efficiency and productivity, while maintaining the integrity and quality of healthcare systems.

Complete, Quality Solutions

Our professional staff has worked on numerous healthcare projects across the U.S., delivering time-tested solutions that improve patient access, safety, and overall healthcare services.

Our multi-faceted services include design and planning, foundation design, general engineering consultation, engineering evaluations, field inspections, building inspections, planning, design, and construction management. From new development and retrofit, to renovation and expansion, our teams of scientists, architects, and engineers collaborate with clients to creatively solve complex issues on all types a range of healthcare facilities including:

• Assisted & Senior Living Facilities
• Hospitals
• Medical Office Buildings
• Multi-Story Medical Facilities & Parking Structures
• Nursing Facilities
• University Medical Systems
• Veteran Hospitals

Client-Focused Approach

With each project, Kleinfelder works to understand our clients’ unique needs and constraints, delivering solutions that added value to their business and stakeholders. Our project management expertise allows us to transform technical insights into project realities. Our national healthcare experience across all service disciplines, ability to transform technical insights into real solutions, and commitment to meet schedules and budgets results in successful projects and client satisfaction.

Capabilities

• Building Rehabilitation & Renovation
• Civil/Site Design
• Construction Materials Testing & Inspection
• Environmental Engineering Services
• Forensic Engineering
• Geotechnical Engineering Services
• Integrated Asset Management
• LEED & Sustainability Support
• Master Planning & Design
• Materials Management Planning & Design
• Campus Architecture
• Programming & Space Planning
• Property Condition Assessments (PCA)
• 3D & Building Information Modeling (BIM)

Partial Client List

• Cedars-Sinai Medical Center
• Duke Medicine Facilities, Planning, Design & Construction
• HCA Healthcare
• Hoag Memorial Presbyterian Hospital
• North Carolina Department of Health & Human Services
• Scripps Health Services
• Shriners Hospital
• Sutter Medical Center
• UC Davis Medical Center
• WakeMed Health & Hospitals

UC Davis Medical Center - Sacramento, CA

HOAG Memorial ECU & Imaging Renovation - Newport Beach, CA

UConn Health Center - Farmington, Connecticut

UC Davis Medical Center - Sacramento, CA

Stanford University School of Medicine - Stanford, CA

Duke Medicine-Cancer Center - Durham, NC

Scripps Health Services Center - North Care Tower - Los Angeles, CA
