State & Local Government Overview
Kleinfelder tailors its proven solutions to suit the needs of state and local government clients. Our years of experience working with regulatory agencies enable us to address complex issues efficiently and effectively. Working against shrinking budgets yet increased demand for historic preservation, energy conservation, and workplace planning, Kleinfelder has the range of services and expertise to deliver long-term, sustainable, and cost-effective solutions that positively impact citizens and government employees.

Diverse Expertise
Throughout our history, we have worked with hundreds of state and local government clients on a broad range of projects, including:

- Brownfield Redevelopment
- Correctional Facilities
- Hospitals
- Housing Developments
- Municipal Facilities
- Parks & Recreational Areas
- Ports & Harbors
- Public Buildings
- Roadways & Bridges
- Water, Wastewater, & Storm Drain Infrastructure

Knowledgeable Resources
Kleinfelder understands the complexity of government projects, which typically involve several agencies, multiple contractors, and limited budgets. We work closely with the agencies and other project team members throughout the project to assure smooth project execution. With offices throughout the U.S. and beyond, our professionals have local knowledge of laws, standards, and procedures. We also have a rapport with local regulators, which contributes significantly to our ability to complete projects efficiently and economically.
