WHO WE ARE

We are engineers, scientists, and construction professionals, providing solutions that improve our clients’ transportation, water, energy, and other private infrastructure, from offices in the US, Canada, and Australia.

Longstanding Technical Foundation
Established in 1961, we draw from a solid foundation of experience and thorough understanding of environmental, regulatory, economic, and civic conditions, to identify and address challenges with innovation and common-sense.

Connecting Great People to the Best Work
For our clients, this means leveraging our integrated network of industry experts across services, geographies, and markets to develop leading-edge solutions for projects of any size. Regardless of location, we quickly assemble and deploy the most appropriately qualified resources to safely deliver projects that exceed client expectations.

Partnership Throughout the Project Lifecycle
Using our multidisciplinary services, we collaborate with clients throughout the entire project lifecycle. Our understanding of each project phase allows us to develop innovative, cost-effective, and practical solutions that offer our clients increased flexibility, continuity, and coordination across all aspects of a project.

Kleinfelder’s continued growth and success is attributed to our integrity, quality, and client focus. We work hard to deliver the right solutions on every project—for the good of our clients, our communities, and the environment.
Kleinfelder’s accomplished professionals deliver expertise in:

**Architecture & Design**
- Architecture
- Materials Management
- Urban Planning & Landscape Design

**Construction Materials Engineering & Testing**
- Construction Observation & Inspection
- Laboratory Testing
- Materials & Forensic Engineering

**Design Engineering**
- Bridge Engineering
- Control Systems - Instrumentation & Automation
- Civil Engineering
- Electrical Engineering
- Electrical Transmission & Distribution
- Mechanical Engineering
- Pavement Engineering
- Pipeline Engineering & Integrity Management
- Process Engineering
- Structural Engineering

**Environmental Sciences & Engineering**
- Chemical Data Management
- Environmental Due Diligence
- Environmental Remediation
- Environmental Site Characterization
- Hydrogeology

**Facility & Operations Compliance**
- Air Quality
- Regulatory Compliance

**Geotechnical & Geologic Engineering**
- Earthquake & Seismic Design
- Engineering Geology
- Foundation Design
- Geotechnical Engineering
- Retaining Walls
- Rock Engineering
- Trenchless Technology
- Tunnel Engineering

**Project Management**
- Construction Management
- Constructability Review & CPM Scheduling
- Design-Build
- Project Controls
- Public & Community Relations

**Risk Management**
- Climate Change Vulnerability
- Infrastructure & Engineering Risk
- Process Safety Management
- Risk Assessment & Toxicology

**Strategic Planning**
- 3D Reality Capture
- Asset Management
- BIM & 3D Visualization
- Cultural Resources
- Environmental Planning & Permitting
- Geographic Information Systems
- Natural Resources

**Water Science & Engineering**
- Stormwater Management
- Surface Water Planning & Analysis
- Wastewater Collection & Treatment
- Water Supply & Infrastructure Design

*Kleinfelder does not provide all of these services in our 60+ locations.*
